There's no one else around
To tell my troubles too
That's why I'm crying
That's why I'm crying

And so I get a little bit lonely
And so I get a little bit sad
Inside, that's why I'm crying

I took a walk around
There's no one that I knew
That's why I'm crying
That's why I'm crying

And so I get a little bit lonely
And so I get a little bit sad
Inside, that's why I'm crying

That's why I'm crying
That's why I'm crying

And so I get a little bit lonely
And so I get a little bit sad
Inside, that's why I'm crying
