You do so typical  
I took you for original  
Like all the other ones  
Like every hit and run

How does your Hollowood  
Reacting like the royalty would  
Come and pack 'em in  
You pack 'em in yeah yeah

Stop and rewind  
Now I know what I'm leaving behind  
And you'll always be the next in line  
Make a scene  
Make a scream  
Like you're losing your mind  
And you'll always be the next in line

She likes the sound of it  
I think there's something wrong with it

I told you what you need  
I told you everything

Stop and rewind  
Now I know what I'm leaving behind  
And you'll always be the next in line  
Make a scene  
Make a scream  
Like you're losing your mind  
And you'll always be the next in line  
Now you know you're the one that I'm leaving behind  
And you'll always be the next in line  
Make a scene  
Make a scream  
Like you're losing your mind  
And you'll always be the next in line

Mean what you say kid  
Before you waste it  
Slam on your breaks now  
Before the breakdown

You're so much older now  
You're holding out  
You're holding out

So come in back come in  
You're back come in yeah yeah

Stop and rewind  
Now I know what I'm leaving behind  
And you'll always be the next in line  
Make a scene  
Make a scream  
Like you're losing your mind  
You'll always be the next in line

Always be the next in line  
Always be the next in line
