If you wanna love that's special,
if you wanna love that's true,
if you wanna love that's gonna wait for you

If you wanna crash so heavy,
and lose reality,
if you wanna steal the thunder from the raging sea

I'll be right there, to comfort you,
and I will repair, these wings for you,
and I'll be forever, the one you turn to,
if you'll just let me find, your runaway heart,
if you'll just let me find, your runaway heart

If you want religion baby,
if you wanna really see,
all the things your father told you,
aint inside a boy like me,
but I know you could live forever,
deep in this heart of mine,
just give me a chance to show my love,
and I'll prove it to you in time,

I'll be right there, to comfort you,
and I will repair, these wings for you,
and I'll be forever, the one you turn to,
If you'll just let me find, your runaway heart,
If you'll just let me find, your runaway heart

And if you want someone to hold you,
please let it be me,
you can chain my heart down baby,
and throw away the key,
but dont let this world defeat you,
dont let love pass you by,
dont let so many broken promisses,
put a tear in your eye,
I'll be right there, to comfort you,
and I will repair, these wings for you,
and I'll be forever, the one you turn to,

If you'll just let me find, your runaway heart
If you'll just let me find, your runaway heart
If you'll just let me find, your runaway heart
