"So Strange"

So strange but it's true
That I'm in love with you
So in love am I
I'm in love with a mysterious
As when you say you care
You like to seem serious
That's why I love you so
Stars, build a sky
Lonely to fly
So in love am I
I'm in love with a mysterious
As when you said you cared
You make me feel delirious
That's why I love you so
So strange but it's true
That I'm in love with you
So in love am I
