one o'clock can't come fast enough cos at one o'clock i'll do all the things that i wanted to do

finals day can't come fast enough cos on finals day i'll move to the places where i want to move

there's a time for it but it's not now no, it's not now

yeah, you're the one who checks my grammar

friday night can't come fast enough cos on friday night i'll prove all things that i've wanted to prove

dottie's death can't come fast enough cos when dottie's dead i'll do all the deals i've been dying to do

there's a time for it but it's not now no. it's not now

yeah, you're the one that checks my words and stuff

one o'clock can't come fast enough cos at one o'clock i'll do all the things that i've wanted to do

one o'clock can't come fast enough cos at one o'clock i'll do all the things that i wanted to you
