Well it's a love that could be  
And it's a love that's for me  
This love that could be good and true  
This love that only I can share with you

I said darlin, listen  
We'll cut the others down to size  
There's something that they're missing  
Beneath the armor of your eyes

We'll watch the others break up  
And we'll watch others make up  
But you and I gotta wake up  
Cause our lovin needs a shakeup

I said darlin, listen  
We'll cut the others down to size  
There's something that they're missing  
Beneath the armor of your eyes  
Where now my heart all bleedin lies

Oh yeah, all your friends are dying  
Except for me  
So just you stop your crying, baby  
I know it's a lonely life that you gotta lead

Well it's a love that should be  
And it's a love that's for me  
This love that is good and true  
This love that only I can share with you

I said darlin, listen  
We'll cut the others down to size  
There's something that they're missing  
Beneath the armor of your eyes

Where now my heart all bleedin lies  
Where now my heart all bleedin lies  
Oh yeah, oh yeah, oh yeah

I said darlin, listen  
I said darlin, listen

Come on darlin, listen  
Yeah darlin, listen
