I had a dream last night
I had a dream last night
About dead men from boot hill
About dead men from boot hill

I knew their faces, dates and places
I knew their faces, dates and places
Where I shot them down
Where I shot them down

Dead men from boot hill
Dead men from boot hill
I woke up in a cold cold sweat
You're a dead man, John
You're a dead man, John

I am afraid at night
I am afraid at night
I was a lawman don't you see
I was a lawman don't you see

They were comin, comin for me
They were comin, comin for me
Takin me back, back to boot hill
To take me back, back to boot hill

Dead men from boot hill
Dead men from boot hill
I woke up in a cold cold sweat
You're a dead man, John
You're a dead man, John

I had a dream last night, it was a nightmare
I had a dream last night, it was a nightmare
Don't wanna live, don't wanna live
Don't wanna live under a gravestone

Dead men from boot hill
Dead men from boot hill
Dead men from boot hill
Dead men from boot hill
Dead men from boot hill

Dead men from boot hill
I woke up and I was
Six
