And I don't love her  
Not gonna call her  
Said now holler  
Cause she's hotter than the rest  
A perfect 10  
But I won't call for her more  
And wouldn't that be just so easy to give in

And if you add it up  
Benefits of props and love  
Cannot outweigh the ball and chain I got at twenty one  
And it'd be worse to keep her blocked off someone  
else

They said I got it all  
But I'm here sitting tall  
They said I got it all  
But I don't care at all

Last chance to say that she's all mine but I said  
I'm not going that way  
Last chance but I'd be wasting time  
Cause she has everything, everything, everything  
But is it something I need?  
Last chance for me to be that guy but I said  
I'm not going that way  
Last chance but I know I'll be fine  
Cause she has everything, everything, everything  
But do I want it for me?

And if you add it up  
I'll take a second look  
And take a second just to check it  
As I'm breaking up for everything and  
And stress a moment cause I dropped off someone  
else

They said I got it all  
But I'm here sitting tall  
They said I got it all  
But I don't care at all

Last chance to say that she's all mine but I said  
I'm not going that way  
Last chance but I'd be wasting time  
Cause she has everything, everything, everything  
But is it something I need?  
Last chance for me to be that guy but I said  
I'm not going that way  
Last chance but I know I'll be fine  
Cause she has everything, everything, everything  
That's what I'm saying!

Maybe far away  
We could meet again  
Maybe I were different when you were still the same  
It had to be this way  
And you are not to blame  
Gotta keep it moving adding fire to the flame!  
Gotta keep it moving adding fire to the flame!

Last chance to say that she's all mine but I won't

Last chance to say that she's all mine but I said  
I'm not going that way  
Last chance but I'd be wasting time  
Cause she has everything, everything, everything  
But is it something I need?  
Last chance for me to be that guy but I said  
I'm not going that way  
Last chance but I know I'll be fine  
And I said

And I'll be fine  
And I'll be fine

And I'll be fine  
And I'll be fine

And I'll be fine  
And I'll be fine [x2]  
(And if you add it up and take a second  
You can take a second just to check it  
As you bring it up around  
And you stress you want it  
Cause you drop it down  
And follow around)
