Hold on just a god damn minute
This commercial is yet to be over
I can't wait to try this knife out
I seriously can't wait

Yellow paint won't cover bloodstains
And yellow paint won't cover these rumors
Won't cover these rumors

This blade
Your neck
All of my values

All of my values
In a little basket
I've started over

Yellow paint won't cover bloodstains
And yellow paint won't cover these rumors
Won't cover these rumors

Sit closer, honey
I've tried my best, I promise
And I can't wait to get these clothes off
I'm so tired, I'm fucking tired

Yellow paint won't cover bloodstains
And yellow paint won't cover these rumors
Won't cover these rumors

Won't cover these rumors
Won't cover these rumors
Won't cover these rumors

I've started over
I've started over
I've started over

Sweet skin, can't get it close enough to me
I want to be covered
Running my fingers straight through her hair
Just like mothers, this is my new life

Yellow paint won't cover bloodstains
And yellow paint won't cover these rumors
Won't cover these rumors
