A dance turned into a romance
The very first time we danced across the floor
A dance turned into a romance
The very first time we danced across the floor

I like the way you move your body
Especially when your body is movin' close to mine
And you asked me for a date
Oh, I could hardly wait
To give you my phone number

A dance turned into a romance
The very first time you held me in your arms
A dance turned into a romance
I was hypnotized, captured by your charm

We danced, and danced the whole night thru
All I could think of is makin' love to you
And when you take me home
And we were all alone
And he kissed me on my lips

A dance turned into a romance
You swept me right off, right off my feet
A danced turned into a romance
I couldn't help but fall
Because you are so sweet
