You gonna make me love somebody else  
If you keep on treating me the way you do  
You gonna make me love somebody else  
If you keep on treating me the way you do  
I aint did nothing to you  
I just love you with my heart, heart and soul  
Everytime I need some lovin  
Why do you turn, turn cold  
Now I aint dumb, and I aint stupid  
I know you need love, need love like I do  
Cause if you aint loving me,  
I wanna know who in the world you loving  
Tell me if you don't want me around  
You gonna make me love somebody else  
If you keep on treating me the way you do  
I don't wanna do it  
You gonna make me love somebody else  
If you keep on treating me the way you do  
I don't say nothing to you  
When you stay out, stay out all night long  
I know you got to make money

But bring your loving home, bring it home  
Now what's out there in the street  
That's taking up, taking up all of your time  
Cause if you aint loving me,  
I wanna know who in the world you loving  
Tell me if you don't want me around  
You gonna make me love somebody else  
If you keep on treating me the way you do  
I don't wanna do it, I don't wanna do it  
You gonna make me love somebody else  
If you keep on treating me the way you do  
You gonna make me love somebody  
You gonna make me love somebody  
I need love just like you do  
Tell me who you been giving it to  
I'm gon love somebody  
You gonna make me love somebody  
You gonna make me love somebody  
Repeat Chorus
