The best way I can describe the way I feel
When thinking of you
Is beautiful and true, a summer day in June oh
Hands up reach for the sky and then we sing
La da da do
Floating in the breeze
My heart is asking please

Hold me close and take my hand
She said
Just wait for me and understand
And then
We'll fall forever dreaming safe within our love

Letting go of the world before our eyes
Is easy to do
Every sky is blue to the jester and the fool
Kept a lock on my heart until you said
I'm falling for you
There's nothing I can do
I'm falling for you too

I know
You know
I know
We know

Beautiful and true

Hold me close and take my hand
She said
Just wait for me and understand
And then
We'll fall forever dreaming safe within our love

Take my hand
Take my hand
