"Love The World"

Look at all the people
Lonely people, lonely people
Gathered around and broken hearted
Can't our Nations live as one

Listen to the children
All the children, all our children
Joining hands together
In a world for everyone

Try and keep the faith alive

Love the world you're in
Love the world you're in

Listen to the world
All the world, we want the world
To sing a song together
For peace, life and for love

Listen to the children
All the children, all the children
Sharing and uniting
The world is everyone

Try and keep the faith alive

Love the world you're in
Love the world you're in
Love the world you're in
Love the world you're in

Try and keep the faith alive

Love the world you're in
Love the world you're in

Listen to the people all the people
It's the world you're in

Listen to the children all the children
It's the world you're in

Listen to the world all the world
It's the world you're in

Listen to the people all the people
It's the world you're in

Love the world you're in
