Look away
It's not my style to say I'm sorry dear
End of night, well you go your way, and I'll go mine
Yeah, we've had our times and shared our rhymes
In song and dance and life
The rhythm of two lovers hearts
On a summer night

Woah Oh
I just want you to know

I want someone like you
To help me through a lonely night
And tell me everythings alright
And I see sun in your eyes
Even on the moonlit floor
I could never for more
For Sure

Yeah Yeah Yeah

Take me back
Back To the night we shared the sweetest kiss
I held you close, you whispered, how you loved me, but
like that
In a flash, they called our names from oh so far away
Now we both lie here believing these thoughts of
yesterday
If you stay, I just want you to say

I want someone like you
To help me through a lonely night
Tell me everythings alright
And I see sun in your eyes
Even on the moonlit floor
I could never for more

And with any luck, you'll know
Before we have to go
There's a light in all you do, you do

Yeah yeah Yeah

I want someone like you
To take me back to when it was, beautiful and so in love
And I want someone like you
I want someone like you
I want someone like you
