

The Jude "The Rain"

Visit "[The Rain](#)" on MotoLyrics.com

I donâ€™t wonder
But sometimes I sit and ponder
And I know that you will be there for me

I donâ€™t bother
Feeling sorry even when I wanna
â€˜Cause I know that you will be there for me

And I
I wanna love you
Oh you take the rain
Make it go away

I know better
Than dwelling on the stormy weather
And I donâ€™t want any other girl but you

I donâ€™t worry
And you know that I ainâ€™t in no hurry
â€˜Cause you know that I keep moving on

And I
I wanna love you
Oh you take the rain
Make it go away
Rain go away
Rain go away
