Open up your eyes
Iâ€™ll make you see things clearer
That we have changed
And It hasnâ€™t been the same

Iâ€™ll make you realize
That fight we had was pointless
It only made things
Harder than it should be

Iâ€™ll say goodbye
Cause I know this, I know this
Will be the last time
Iâ€™ll apologize

You left me all alone
When I needed you the most
You were nowhere
Nowhere to be found

I never thought you would
Take away my everything
Now Iâ€™m left with nothing
You left me with nothing

So long this is my, my farewell
