All these buckets of rain
You cant forget about
You say that I lied
I am a gentlemen
Did not ask for a place I could say
Well, were we both thinking
the next part just got in the way?
You were just always talking about Changing
What it I was Save me

All these words that you say
You cant forget about
These mind numbing games that you play
I am a gentlemen
Did not pay for every laugh every time
Evey bit in return
And then you feed me some lie
I wont hear one more word about Changing
It's what I am but Save me

this thing I've always been

Days pass and turn into weeks
but we don't even speak
We just lay wide awake
I pretend I'm asleep
And you come home alone
And your checking my phone
And she's looking at me
Like I'm Something You Own
All these buckets of rain
You cant forget about
You say that I lie
I am a gentlemen
Did not pay for ever cent every dime
Everything bit every time
And then you feed me some lie
I won't hear one more word about changing
It's what I am save me

The same I've always been

Days pass and turn into weeks
but we don't even speak
You just lay wide awake
I pretend I'm asleep
And you come home alone
And your checking my phone
And she's right next to me
but I'm not Something You Own
