Standing at your doorway
My stomach all tangled n tight
Have it your way
Oh God, where are you tonight??
'Cuz I don't know what I'm doing here
Or where to begin
So take a deep breath
But darling, don't let me in

A Thousand times we've said
"I'm sorry it's over again"
I can't live like this
Or feel like this in my own skin
It all seems so degrading
And like mourning such sin
And faith, just like a child
Oh darling, don't let me in

And we laughed just like children
In waiting, in sheets on your bed
Why we secretly pray
Like we're mourning the dead
And you tell me you're so weary
I know
'Cuz I'm weary too
But hold back a tear
But darling, what a way to do

(instrumental to outro)

And the wine, and the rain
And the feel of your skin..Against mine
I'm swimming, I'm flying, I'm dying
This face, this fear
Stay with me, oh stay with me my dear
This hand
This glow
It's only thing that I love

There's losing
There's losing
There's losing

There's losing
There's losing
There's losing love
