I am old and I do not know the ways of you young
women
With your black clothes and your blue nails and your
sarcasm
What do I have to say to you to gain your full respect?
I am old, you've forgotten me but I'm useful yet

Listen here, look around
Read my eyes, see the solid ground
You look lost girl in your rising
Haven't you misplaced time?

I can see through, I can see true
I can see through loves crime
I can see past what does not last
I am your satellite

You are cold and you do not share the ways of your
rituals
How to find love, what it's made of now that you're all
equals
What do I have to say to you to entertain your ears?
I am old, you've forgotten me but I'm rich in tears

Listen here, look around
Read my eyes, see the solid ground
You look lost girl in your rising
Haven't you misplaced time?

I can see through, I can see true
I can see through loves crime
I can see past what does not last
I am your satellite

I am old and I do not know the keys to your happiness
How to stay close when distance grows between east
and west
What do I have to offer you to cross this great divide?
I am old, you've forgotten me but I'm still inside

Listen here, look around
Read my eyes, see the solid ground

You look lost girl in your rising
Haven't you misplaced time?

I can see through, I can see true
I can see through loves crime
I can see past what does not last
I am your satellite

I can see through, I can see true
I can see through loves crime
I can see past what does not last
I am your satellite
