Megadeth
"502"

Pull over, shithead!
This is the cops!

Full tank
Pockets lined with cash
Full throttle
Gonna rip some ass

Drive all day
And through the night
Romance the road
Winding left, right

The stars above guide me
The moonlight is free
A feeling inside me
The whole world to see

Driving fast makes me feel good
The speed of light trapped under my hood

Breaking laws
Cause there's nothing to do

Driving the interstate
Stopped for a 502

Whoa
Hundreds of miles
Rolled off today
Signs lose their meaning
Minutes tick away

Dirt roads and interstates
I must have drove them all
Cigarettes and burgers
Caffeine and alcohol

Drive until daybreak
Always on the go
Life on the freeway
Night shift til dawn patrol

Driving fast makes me feel good
Speed of light trapped under my hood

Breaking laws
'Cause there's nothing to do

Driving the interstate
Stopped for a 502

(Bridge)

Stopped for a 502
Next time, it's gonna be you

(Solo)

Stars above guide me
This feeling inside me
I drive until daybreak
Life on the freeway is hell

It's hell

I'm coming through...
