The more of you that I inspect  
The more of me I see reflect  
The more I try to read your lips  
The more the mask you're wearing rips

But when I seek out your voice  
My ears are overcome with noise  
You show and tell of greatest deeds  
Raving impossibilities

Engaged in crime I grasp my throat  
Enraged my mind starts to smoke  
Enforce a mental overload  
Angry again, angry again, angry ow

And when the story takes a twist  
It folds like a contortionist  
Slight of hand and quick exchange  
The old tricks have been rearranged

Engaged in crime I grasp my throat  
Enraged my mind starts to smoke  
Enforce a mental overload  
Angry again, angry again, angry

The searing of the sinew  
My body fights for air  
The ripping of the tissue  
My lungs begin to tear  
Gravity's got my bones  
It pulls my flesh away

The steam finally dissipates  
I make out my sweaty face

Association that I choose  
Game I inevitably lose  
Governed by laws set up by me  
Fracture its jaw to let me be  
A cut-out cardboard condo maze  
Filled with an insubordinate race  
Irrational youths stop to stare

As music rubber hosed the air

Engaged in crime I grasp my throat  
Enraged my mind starts to smoke  
Enforce a mental overload  
Angry again, angry again, angry again  
And again and again, again

Engaged in crime I grasp my throat  
Enraged my mind starts to smoke  
Enforce a mental overload  
Angry again, angry again, angry ow
