Beginning of sorrow  
There'll be no tomorrow  
Beginning of sorrow

Lucy Grey so innocent  
She even was a teen  
Hooked up with Mr right now  
A 9.mm stole her dreams

A complication's come  
The doctor says she got to know  
You decide if the baby lives  
But one of you was have to go

The beginning of sorrow  
Beginning of sorrow  
There will be no tomorrow  
There'll be no tomorrow

The beginning of sorrow  
Beginning of sorrow  
There will be no tomorrow  
(Yeah, yeah, yeah)

in agony  
This life was misbegott  
Born in an alleyway  
A child nobody will adopt

The link went in a foster home  
His heart is so full of rage  
His first name's Ward  
His last name is of the state

(Solo)

Like Father like son  
Soon he get revenge  
Two souls soon become one  
The vicious circle never ends

Unwanted unloved  
He lives now just to hate  
From a of being born  
And nothing can take that away

The beginning of sorrow  
Beginning of sorrow  
There will be no tomorrow  
There'll be no tomorrow

The beginning of sorrow  
Beginning of sorrow  
There will be no tomorrow  
(Aaaaooo)

The beginning of sorrow  
Beginning of sorrow  
There will be no tomorrow  
There'll be no tomorrow

The beginning of sorrow  
Beginning of sorrow  
There will be no tomorrow
