I thought at this hour any pleasure
Can never really be a sin in vain
One hundred and one shots of opportunity
I'd gladly take them all again and again..... and again

My angels left me, sorrows are my own
And now I'm here with the Devil, on my own

Just like a Churchyard Shadow, creeping after me
It's only there to terrify my mind, Black Swan keeps
haunting me.

I promise that my soul not to get paid away
Wind always starts of as psychedelic and then it turns
to black
My head starts swaying, I forgot what it was that I was
saying
I don't know where I am and I'll never, never make it
back.

I sealed my fate, and I paid my debt
I fell from grace with deep regret

My angels left me, sorrows are my own
And now I'm here with the devil on my own

Just like the Churchyard shadow, creeping after me
It's only there to terrify my mind, Black Swan keeps
haunting me
Just like the Churchyard shadow, there's nothing left to
see
It's only there to terrify my mind, Black Swan keeps
haunting me

My angels left me, sorrows are my own
And now I'm here with the devil on my own (on my own)

Just like the Churchyard shadow, creeping after me
It's only there to terrify my mind, Black Swan keeps
haunting me
Just like the Churchyard shadow, there's nothing left to
see

It's only there to terrify my mind, Black Swan keeps
haunting me

Just like the Churchyard shadow, creeping after me
There's nothing left to see, there's nothing left of me
