Enter the arena and hit the lights
Step up now you're in for a ride
This is war, ain't no fun and games
We'll get it up and you go down in flames

Party time goin' down
You better not mess us around
The stakes are rich take a hit or stay
The price is high someone's gonna pay

Heads I win, tails you lose
Out of my way I'm comin' through
Roll the dice, don't think twice
And we crush
Crush 'em

Looking for trouble now you've found it
You're a drum and we're gonna pound it
Last one standin' wins the fight
Hear us scream and shout all night
Down on the floor and eat the grit
This is gonna hurt a little bit

Heads I win, tails you lose
Out of my way I'm comin' through
Roll the dice, don't think twice
And we crush
Crush 'em

Now we lay you down to rest
You'll never be more than second best
Step inside you're in for a ride
And we crush
Crush 'em

Crush
Crush
Crush
Crush
Don't need reason, don't want names
Just a John Doe to put to shame
Step aside let me explain

The name of the game is pain
Now we've found you
We're gonna pound you, we're gonna beat you
Gonna defeat you
We're gonna bust you, we're gonna crush you
We're gonna crush 'em

Heads I win, tails you lose
Out of my way I'm comin' through
Roll the dice don't think twice
And we crush
Crush 'em

Now we lay you down to rest
You'll never ever be more than second best
Step inside you're in for a ride
And we crush
Crush 'em

Crush
Crush
Crush
Crush 'em
Crush
Crush
Crush
Crush 'em
Crush
Crush
Crush
Crush 'em
