"Disconnect"

Behind closed doors
All you live for is taking
That double life of yours
Has left your whole world shaking

Who are you foolin'?
I know you hear the laughter
Don't you hear people talkin'?
What is it you're after? uh

Turn off your conscience
Leave the world outside
Nothing at all can ever make you feel
That anything's real
So you just disconnect

Huh, the key to save yourself
If for nothing else
A tongue can never hold
The truth of silence is golden

With a broken heart
Underneath all of the pain
Do you stroke the pretty scars?
The hurt never ends, ooo

Turn off your conscience
Leave the world outside
Nothing at all can ever make you feel
That anything's real
So you just disconnect

Turn off your conscience
Leave the world outside
Nothing at all can ever make you feel
That anything's real
Anything's real
So you just

Turn off your conscience
Leave the world outside
Nothing at all can ever make you feel

That anything's real
So you just disconnect
