You take great pride  
In never having lived up to anything  
Lie, steal, cheat and kill  
A real bad guy

Your daddy is a wino  
And your mommy is quite insane  
From altar boy to sewer rat  
You don't give a damn

Your sister is a junkie  
Gets "it" any way she can  
Your brother's a gay singer  
In a stud leather band

Your girlfriend's got herpes  
To go with your hep and AIDS  
There ain't one person you know  
You ain't ripped off yet

You look deep in the mirror  
Look deep into it's eyes  
Your face is replaced  
A creature you despise

But I know what you're made of  
It ain't much I'm afraid  
I know you'll be lying  
Until your dying day

Make up your stories  
Truth's so hard to say  
Brain is numb and your tongue  
Will surely dig your grave

Your mind is sickly  
From Alzheimer's Disease  
And decadence and debauchery  
Killed your memories

You're a liar, liar, liar  
Everyone can see

Liar, liar, liar  
It's all you'll ever be

Liar, liar, liar  
It's what you mean to me

Liar, liar, lies...

Start trouble, spread pain  
Piss and venom, in your veins  
Talk nasty, breathe fire  
Smell rotten, you're a liar

Sweat liquor, breathe snot  
Eat garbage, spit blood  
Diseased, health hazard  
Scum bag, filthy bastard

Greasy face, teeth decay  
Hair matted, drunk all day  
Abscessed, sunken veins  
Rot gut, scrambled brain

Steal money, crash cars  
Rob jewelry, hock guitars  
Rot in hell, it's time you know  
To your master, off you go

You're a liar

A fucking liar

Filthy liar

Ah, you, you, you fucking liar!

(Solo)

You're a liar...
