Lately, it seems the world is going crazy
It won't be long till they replace me
And nothing seems to faze me, anymore

I can't take it, I get the feeling I won't make it
I'm feeling bad and I can't shake it
And now I'm living just to fake it, what's more

Which way is right? Come with me
Which way is wrong? Come with me
Which way is up? Come with me
Which way is down?

Crazy, I'm going crazy, this world's gone crazy
I'm falling off the edge

Lately, I wake each morning feeling
beat
And now there's panic in the street
Someone keeps turning up the beat everywhere

Every day, I'm like an actor on the stage
I'll never let you see my rage
I'm not at peace out of my cage anywhere

Which way is right? Come with me
Which way is wrong? Come with me
Which way is up? Come with me
Which way is down?

Crazy, I'm going crazy, this world's gone crazy
I'm falling off the edge
Crazy, We're going crazy, this world's gone crazy
We're falling off the edge

Lately, I can't believe the things I see
This ignorance and apathy
Brings out the lunatic in me, if you care?

It blows my mind, when you sneak off into the night
Maybe it's better that you lie
Just don't forget to say goodbye, if you dare?

Crazy, I'm going crazy, this world's gone crazy
I'm falling off the edge
Crazy, We're going crazy, this world's gone crazy
We're falling off the edge
