Oh,  
I don't  
Want to set the world  
On... fire... I...

Red flash clouds  
Choking out the morning sky  
They said it'd never come  
We knew it was a lie

All forms of life die now  
Humans all succumb  
Time to kiss your ass goodbye  
The end has just begun

Distorted figures walk the street, it's 1999  
Weeds once underneath your feet  
Have grown into vines

Bodies melted like a candle  
Land without a face

No time to change your fate  
No time left  
It's too late

The arsenal of Megadeth  
Can't be rid they said  
And if it comes  
The living will envy the dead

Racing for power  
And all come in last

No winning first stone cast  
This falsehood worldly peace  
It's treaties will soon cease

No one will be left  
To prove that humans existed  
Maybe soon the children  
Will be born openfisted

We all live on one planet  
We'll all go up in smoke

Too bad they couldn't see  
This lethal energy  
And now the final scene  
A global darkening

(1st Solo)

Dig deep  
The piles of rubble and ruins  
Towering overhead  
Both far and wide

There's unknown tools  
Of World War III  
Einstein said  
"We'll use rocks on the other side"  
No survivors

Set the world afire

(2nd solo)

No survivors  
**SET THE WORLD A FIRE!**
