An Iron fist quietly sits inside the Velvet Glove  
Take control, untouchable just like God above  
I can't escape, wrapped in red tape, what will become  
of me?  
If I object, then I defect my country 'tis of thee

The White House is calling  
Tell them I'll call them back  
Just tell them anything  
Yeah get them off my back

The world needs a hero

Not that I would ever lie but I have no choice  
Words I say heard today are not mine, just my voice

NATO is on line 1  
They want to talk to me  
Tell them that I'm not in  
Tell them that I'm not free

The world needs a hero

Phantom rule, the hidden jewel who's really in control?  
On puppet strings, a nation swings undermined by  
moles

The UN is on hold  
Tell them I'll call them back  
Yeah tell them anything  
Just get them off my back

The world needs a hero

Dave the White House is calling  
They want to talk to me  
Tell them that I can't be bought  
Tell them that I'm not free

The world needs a hero
