## "the Conjuring"

Welcome to our sanguinary sect of worship  
Feel at home in our black conventicle  
As we anathematize all of those who oppose us

Don't summon the devil  
Don't call the priests  
If you need the strength  
The conjuring, obey

Behold the flames rise  
From the compass cardinal points  
Burn the sacred oil  
And, with the ashes you'll anoint

Arrange the symbols  
Of the wizard, and, magician  
Light the candles  
Place the parchment paper in position

Between its leaves place  
The lash from a black cat's eye  
A straw of a broom  
Fold, burn, centralize

Don't summon the devil  
And don't call the priests  
If you need the strength  
The conjuring

I am the devil's advocate  
A salesman, if you will  
You know my name  
You know my name

I met your father years ago  
Gave him what he'd please  
He called my name  
You'll do the same

I'm claiming what is mine by right  
It's time to close the deal  
You're bought and sold

Bought and sold

Come join me in my infernal depths  
Mephisto hall of fame  
I've got your soul  
I've got your soul

The conjuring  
Obey
