You're such a pretty face, radiant  
I saw you across the room, I knew I had to have you  
Thus started the chase, I knew I would do anything  
To take your hand and make you mine

But I learnt long ago if you love someone  
You have to let it go, let it go, let it go  
The hardest part of letting go  
Is saying goodbye, goodbye, goodbye

You severed away in a makeshift cell  
Beneath the venomous moonlight  
Why unleash my plan to watch you fail?  
And why I am so afraid?

Go to sleep, my love  
And taste my sweet revenge on your lips  
Sealed with a kiss

I returned to the masquerade ball  
I kneel the most if you're weeping  
Stone by stone immured in the walls  
Forever left for safe keeping

Go to sleep, my love  
And taste my sweet revenge upon your lips  
Sealed with a kiss

But I learnt long ago if you love someone  
You have to let it go, let it go, let it go  
The hardest part of letting go  
Is saying goodbye, goodbye, goodbye  
Goodbye, let it go
