Put my ear up to your head,  
And you're eaves-dropping.  
Hear what you are thinking,  
And what you wished you'd said.  
What you wished you'd said.  
What you wished you'd said.  
What you wished you'd said.

[Chorus]  
You're lost for .. words again.  
You'd better find them,  
There's too many chances.  
Tongue tied, just say it.  
What are you waiting for.

Compose these days like strange notes.  
Forget critics, just sing what you know.

[Chorus]  
You're lost for .. words again.  
You'd better find them,  
There's too many chances.  
Tongue tied, just say it.  
What are you waiting for.

Bury these memories like secrets,  
Don't keep your mouth shut, just speak up.

Dreams of things .. falling from your teeth,  
Right down to me.  
Don't you worry, 'cause I've been listening,  
And finally heard everything.

And I'll do it, everything.  
And I'll do it, everything.  
And I'll do it, everything.

[Chorus]  
You're lost for .. words again.  
You'd better find them,  
There's too many chances.  
Tongue tied, just say it.

What are you waiting for.

Lost .. for .. words .. again.

Lost for words .. again.
