I'm so anxious to see  
Let it rush across your face  
And I'm dying to hear  
what you're dying to say  
But i'm not afraid  
and i wont be let down  
i'm just terrified the worst is now

we cut the corners a thousand times before  
whats a thousand more  
if you keep your tongue  
glue your eyes to the floor  
but i'm gonna say this once  
your gonna hear it repeating  
circles in your brain  
you'll leave a stain (you leave a stain)  
you leave a stain with me(your half way down the aisle)  
again and again  
but i'm not gonna slow

myself or my words with you  
instead i'll drag you ahead  
smile and ease my..  
you'll leave a stain on me (your half way down the  
aisle)  
again and again  
but i'm not gonna stop (i'm not gonna stop)  
till you lay your head in the bed you've made

you're gonna run  
your gonna run until your lungs explode  
until you're all alone  
your gonna run your gonna run  
your gonna run until your lungs  
until you're all alone  
you'll leave a stain on me (your halfway down the aisle)  
go once again  
but i'm not gonna stop  
i'm not gonna slow myself
