I'm bored of cheap & cheerful  
I want expensive sadness  
Hospital bills, parole  
Open doors to madness

I want you to be crazy  
'Cause you're borin'  
Baby, when you're straight

I want you to be crazy  
'Cause you're stupid  
Baby, when you're sane

I'm sick of social graces  
Show your sharp-tipped teeth  
Lose your cool in public  
Dig that illegal meat

'Cause love is just a dialog  
You can't survive on ice-cream  
You got the same needs as a dog

It's alright  
(It's alright)  
To be mean  
(To be mean)

It's alright  
(It's alright)  
To be mean  
(To be mean)

I want you to be crazy  
'Cause you're borin'  
Baby, when you're straight

I want you to be crazy  
'Cause you're stupid  
Baby, when you're sane

It's alright

(It's alright)  
To be mean  
(To be mean)

It's alright  
(It's alright)  
To be mean  
(To be mean)

It's alright  
(It's alright)  
To be mean  
(To be mean)

It's alright  
(It's alright)  
To be mean  
(To be mean)

I want you to be crazy  
'Cause you're borin'  
Baby, when you're straight

I want you to be crazy  
'Cause you're stupid  
Baby, when you're sane

I want you to be crazy  
'Cause you're borin'  
Baby, when you're straight

I want you to be crazy  
'Cause you're stupid  
Baby, when you're sane
