Switchblade feel the tempered steel  
Against your skin so innocent  
Orchestrate this demise and  
Shut up and pay attention  
Searching for an artery of  
Blind affection diggin for this vein  
To tap dry then savor  
Shut up and pay attention  
Eyes wide with surpasses only by my own  
So scared of the consequence

Shut up and pay attention  
I want someone to listen  
Now you don't believe me  
How I won't let you hear a word that I said

You're all I want to know  
You're all I want to hear  
You don't know what you mean to me  
You don't know what it means to be

Switchblade lock action into place  
Quick release such a pretty face  
Too late the time for taking long since passed  
Shut up and pay attention  
Quiet please you had your chance. now  
Setting in like wet concrete  
Reality begins to harden  
Shut up and pay attention
