Running into trouble
Running into trouble,
You got heavenly eyes
A thousand highs

Always on a mission
It's not lovin'
It's not kissin'
It's a heavenly ride
You still got wheels, kid

If I go missing
Don't you worry for me
I'm just writing
My side of the story
Just like Jackie
I'm biting my lips
Scoring my mind
With whatever I can find

I'm going down the coast to
M. E. X. I. C. O... see you
I'm going down the coast to
M. E. X. I. C. O... see you

Going down the coast to
M. E. X. I. C. O... see you
