Running into trouble  
Running into trouble,  
You've got heavenly eyes  
Thousand highs  
Always on a mission  
To start loving and start kissing  
It's a heavenly ride  
You still got wheels kid

If I go missing  
Don't you worry for me  
I'm just writing  
My side of the story  
Just like Jacky  
I'm bright-ning my lips  
Soaring my mind  
Forever I find

Going down the coast of  
M E X I C O see you  
I'm going down the coast of  
M E X I C O see you  
Going down the coast of  
M E X I C O see you
