You worry bout the sun
Whats the use of worrying bout the big ol sun
You worry bout the rain
The rain keeps falling just the same
You worry when the one you need has found somebody
new

But the world keeps going round
The world keeps going round
You just cant stop it
The world keeps going round

You worry bout yourself
Whats the use of worrying now youre almost grown
You worry bout your home[?]
Whats the use of worrying cause youll die alone
Times will be hard, rain will fall
And youll feel mighty low

But the world keeps going round
The world keeps going round
You just cant stop it
The world keeps going round

Times will be hard, rain will fall
And youll feel mighty low

But the world keeps going round
The world keeps going round
The world keeps going round
The world keeps going round
You just cant stop it
The world keeps going round
The world keeps going round
