Theres too much on my mind,
Theres too much on my mind,
And I cant sleep at night thinking about it.
Im thinking of the time,
Theres too much on my mind,
It seems theres more to life than just to live it.

Theres too much on my mind,
And there is nothing I can say.
Theres too much on my mind,
And there is nothing I can do
About it,
About it.

My thought just weigh me down,
And drag me to the ground,
And shake my head till theres no more life in me.
Its ruining my brain,
Ill never be the same,
My poor demented mind is slowly going.

Theres too much on my mind,
And there is nothing I can say.
Theres too much on my mind,
And there is nothing I can do
About it,
About it.

Theres too much on my mind
