When I see that girl of mine  
Makes me want to sigh  
When I see that girl of mine  
Makes me want to sigh  
I dont care if the sun dont shine  
Long as I can see that girl of mine  
I know everythingll be fine  
When I see that girl of mine  
When I see that girl of mine

Getting ready and looking my best  
Got to look my best so Im taking my time  
cause I need that girl of mine  
I know that shell be mine so Ill keep on trying  
I dont care if the sun dont shine  
Long as I can see that girl of mine  
I know everythingll be fine  
When I see that girl of mine  
When I see that girl of mine

Cant you see shes the only girl for me  
And when people look at me they can see  
They can see, they can see, they can see

When I see that girl of mine  
Makes me want to sigh  
When I see that girl of mine  
Makes me want to sigh  
I dont care if the sun dont shine  
Long as I can see that girl of mine  
I know everythingll be fine  
When I see that girl of mine  
When I see that girl of mine  
When I see that girl of mine
