Left here alone  
And unsure of what I feel  
Unclear but I see  
Just what I'm afraid of

I can't find my way anymore  
And I  
Cannot heal the wounds I've created  
And I can't let go  
Of what's killing me

Falling from this edge  
I am lost to all I know, hey

I can't breathe anymore  
Somehow I'm locked inside this cage  
And I try  
But I cannot fight to stay alive

Falling from this edge  
I am lost to all I know  
Time is only the answer see and  
Lies the only  
Reverie

I've tried  
But I can't fight anymore  
I'm falling from this edge

I am lost to all I know  
Time is only the answer see and  
Lies the only  
Reverie
