Let's run away (yeah!) today
Let's rock around in LA
The stars, the stars the stars the stars will guide us

Let's run away (yeah!) today
Let's rock around in LA
The stars, the stars the stars the stars will guide us

['la' interlude]
Woo!

What's your delay? (yeah!) Why stay?
Let's turn them around in LA
And let them stars, them stars them stars guide us

What's your delay? (yeah!) Why stay?
Let's turn them around in LA
And let them stars, them stars them stars guide us

['la' interlude, with "Woo!" interjection]

We were over the mountains, over the mountains
We were over the mountains, over the mountains
Singing la-la-la-la-laa-la, la-la-la-la-laa-la

We were over the mountains, over the mountains
Singing la-la-la-la-laa-la, la-la-la-la-laa-la

We were over the mountains, over the mountains
We were over the mountains, over the mountains
Singing la-la-la-la-laa-la, la-la-la-la-laa-la

We were over the mountains, over the mountains
Singing la-la-la-la-laa-la, la-la-la-la-laa-la la
