Maybe I'm loosing my mind,
And touch with what's real, I'm burning up inside.
Guess I'll never be the same again.
After seeing you smile at me...

Was it destiny that once broke your smile,
And made me drown in your deep brown eyes?
But I've never felt this way before,
That I could die for someone.

I never wished that I was dead,
But I found someone worth dying for.
Won't put myself in a shallow grave,
'Cuz only the dead have seen the end of the war.

Maybe you're loosing your mind,
And lost your grip from solid ground.
Guess I'll never be the same again.
But will your heart let someone in?

Was it destiny that once broke your smile,
And keeps you stuck deep in my mind?
But I never felt this way before,
That I could die for someone.

I never wished that I was dead,
But I found someone worth dying for.
Won't put myself in a shallow grave,
'Cuz only the dead have seen the end of the war.

And did you think that you were dead?
When you found love worth dying for.
Don't put yourself in a lonely grave,
'Cuz only the dead have seen the end of the war.
