Let your heart uncover,
All the things that you have said,
Truth may lay deep in your words of shame.
So much left unspoken,
I will wait around 'til time,
Comes for honest and when your,
Pride is all torn up and crashed to pieces.
Then I'll know what to believe.

When the fire's gone and the warm turns cold,
It's the consequence of your cold souls turn.
To burn in hell until the end of time,
But your soul's to cold and will leave hell freezing cold.

I have heard your stories,
About your way of sex and drugs,
Rock'n'Roll and living your life fast.
Don't forget what you have,
'Cuz either now or then,
Life will turn it's back on you and,
Pain and your regrets it's all what's left now.
Friends will turn to enemies.

When the fire's gone and the warm turns cold,
It's the consequence of your cold souls turn.
To burn in hell until the end of time,
But your soul's to cold and will leave hell freezing cold.

Freezing cold!
