Waking up when everybody sleeps,
Alone, and no lights on the streets.
(Do) You have any regrets at all?

(Do) You have an open wound that just won't heal?
Too deep to cure, too deep to conceal,
Will I die with all those sins?

Well did you cheat on me, or did I cheat on you?
You believed your own lies and they became your truth.

Ashes to ashes,
And dust turn to dust.
Will you close your eyes,
And watch the ashes burn up?

Your past comes crashing towards you.
All those faces that you once knew,
Are all gone when the tide is turning.

We got the bruises to show all our friends.
We're last standing until the end.
Was it meant to end this way?

Well did you cheat on me, or did I cheat on you?
You believed your own lies and they became your truth.

Ashes to ashes,
And dust turn to dust.
Will you close your eyes,
And watch the ashes burn up?

Memories in ashes,
Side by side with my trust.
Do you think I care,
When you have turned into dust?
