Brent-

That's right, hide behind your badge. you'll give any reason as an excuse for murder. shoot first, who needs an answer. take them down one by one, soon enough you'll win your race against (the races). the cycle repeats again and again. shoot everything that you scares you. one day it wont be so easy to send another off in a casket. one day you will stand for your actions. one day it will stop. one day we wont have to live in fear of a bullet with our name on it.

Adam-If you want justice, then take back the streets...

Dan-how can you do this? gotta keep giving them want they want, gotta give them the boot... it's not you I hate it's your fucking (human) race. someone who is handcuffed does not deserve to be shot 14 times, I don't care if he was on drugs or if he had a knife it's unfuckingcalled for... how? these are people to... you don't have the right, you fuck.
