Dan- no more wires. fuck the tv screens. fuck the monitors. fuck the drama fuck the bother. can you make me feel better? [enter] will you be my friend? [enter] get off the internet [enter] Get off the fucking computers, we live our lives through wires and screens, fuck it, atleast call. love through wires is not a motto for all. kill me with a keystroke baby, kill me with a click!

Cory- communications down! cut the wires that entagle me! I'm so down. cut the cord that powers me. I'm so fucking down! kill me with a keystroke baby, kill me with a click!

Brent- talking in numeric code is the newest trend and it's telling me that you're the one for me. I know I can't see you, but I know that you mean everything to me [enter] speak to me in 1's and 0'2... we'll last forever that way. sauter me with your warm words, speak to me in the only language I know. [enter] kill me with a keystroke baby, kill me with a click!

Adam- no more wires, words stretch for miles, time after time. kill me with a keystroke baby, kill me with a click!

Ryan- kill me with a keystroke baby, come on! kill me with a click!
