Well, I was sleeping, only in my had.  
Sleeping in out of time  
And I was lifting, always higher  
And the women of heaven sang,

They were singing  
How'd you like that? How'd you like that? How'd you like that?  
How'd you like that? How'd you like that? How'd you like that?  
I like it.  
How'd you like that? How'd you like that? How'd you like that?  
It lifts me up

What better time to take a ride with you  
Through the universe tonight  
The look of sound looks much like your face  
And the symphony that helps me sing

They were singing  
How'd you like that? How'd you like that? How'd you like that?  
How'd you like that? How'd you like that? How'd you like that?  
I like it.  
How'd you like that? How'd you like that? How'd you like that?  
I only just let go.

How'd you like that? How'd you like that? How'd you like that?  
How'd you like that? How'd you like that? How'd you like that?  
I like it.  
How'd you like that? How'd you like that? How'd you like that?  
It lifts me up (How'd you like that? How'd you like that?  
How'd you like that?)

I feel for you, will you feel for me? (How'd you like that?)

How'd you like that? How'd you like that?)  
Let's work together  
And take it across the sea (How'd you like that? How'd  
you like that? How'd you like that?)  
To America  
I feel for you, will you feel for me? (How'd you like that?  
How'd you like that? How'd you like that?)  
Let's work together  
And take it across the sea (How'd you like that? How'd  
you like that? How'd you like that?)  
Let's work together
