This is a brand new song!
Oh Luby Lou She's got time for you, time for me; she's
got time for any man!
Sticky Fingers and a sticky mind, a hard earned heart
and a heart of glass in her hands!
Oh! Luby oh she's full of fear, whoa! She's so full of
fear,
Ohh! Luby Luby Lou Luby wont you learn that you
caused my pain!
Luby Luby Lou Luby wont you learn that you caused
my pain!
Luby oh here she comes! Whoa she's so full of it! Yes
she is,
Luby she's full of it whoa! She's so full of fear! WHAO!
Luby Luby Lou Luby wont you learn that you caused
my pain,
Luby Luby Lou Luby wont you learn that you caused
my pain!
Luby Luby Lou Luby wont you learn that you caused
my pain!
Ha Ha Ha Ha ohhh,
(Guitar Solo by Hugh)
So Luby you took my love away! I gave you all I gave
you, I gave you all!
So Luby you took my love away! I gave you all I gave
you, I gave you all!
Luby you took my love away! I gave you all, I gave you
all!
