Say whatever you have to say, I'll stand by you.
Do whatever you have to do, to get it out and not
become a reactionary
To hurt the ones you love, you know you never meant to
but you did
Oh yeah you did

Be whoever you have to be, I won't judge you
And sing whatever you have to sing to get it out and
not become a recluse about your house, come out
I know you never meant to but you did
Oh but you did

Still I need your sway, 'cause you always pay for it
And I, and I need your soul 'cause you're always soulful
And I and I need your heart, 'cause you're always in the
right places

And take whatever you have to take, you know I love ya
And come however you have to come, and get it out
and get it out

Tttttake it out on me, and take it out on me
I'd give it you all, I'd give it you all,
I'd give it - I'd give it you all, I'd give it you all,
Yes I would give it you all

'Cause I need your sway, 'cause you always pay for it
And I, and I need your soul 'cause you're always soulful
And I and I need your heart, 'cause you're always in the
right places

Oh yes I will, I will give it you all

Still I need your sway, 'cause you always pay for it
And I, and I need your soul 'cause you're always soulful
And I and I need that heart, 'cause you're always in the
right places
